FAMILY WINES

W I N E M A K I N G

THE ESTEEMED PRODUCTION TEAM at Conway Family Wines specializes in crafting the selection of wines, focusing on creative blends and single varietals, inclusive of Rhône varieties, chardonnay and zinfandel.

The winemaking philosophy is to protect the integrity of the grapes bringing the fruit's intrinsic qualities to full expression in the wine. We also strive to capture the specific terroir for each varietal in the final wine, from the ranch estate to the maritime appellations throughout California.

Winemaker Jonathan Medard originally from Épernay in the Champagne region of France, offers his European expertise in Burgundy and Bordeaux varieties. Jonathan received both his undergraduate degree in Biochemistry and Master's degree in Oenology from the Université de Reims.

Cellar Master Daniel Placencia supports the daily activities of production.
